## Official Games & Rules

BATTLE OF THE MEDIA STARS

## 1.) Red Light, Greenlight

Teams consist of 3 (players link arms). One of the judges will be the "caller" and will stand at one end of a playing area, facing away from the other players. There will be 2 extra “lookouts”. The remaining players line up at the opposite end, which serves as the starting line.

The judge shouts "Green Light," and while their back is turned, the players are free to move towards the finish line. After a few seconds, the judge suddenly shouts "Red Light" and quickly turns around to face the players. At the call of "Red Light," all players must immediately freeze in place. Any player caught moving, even slightly, when the caller turns around is sent back to the starting line. The game continues with alternating "Green Light" and "Red Light" calls until one player successfully reaches and crosses the finish line.

**Scoring**

- ★ 1st Place - 40pts
- ★ 2nd Place - 30 pts
- ★ 3rd Place - 20 pts
- ★ 4th Place - 10 pts
- ★ Total: 100 pts

## 2.) Ball Hug Race

The team consists of 4 players on one side of the field. Each team starts with their first player at the starting line, holding the ball between their knees. Players are not allowed to touch the ball with their hands. The first player runs to the turnaround point, then comes back to the starting line, where they pass the ball to the next teammate. The transfer of the ball must be hands-free. Players can use their bodies to transfer the ball to the next participant. If a player drops the ball, they must stop, pick it up, and return to the point where they dropped it before continuing the relay. The first team to complete the mission successfully wins!

**Scoring**

- ★ 1st Place - 40pts
- ★ 2nd Place - 30 pts
- ★ 3rd Place - 20 pts
- ★ 4th Place - 10 pts
- ★ Total: 100 pts

## 5.) Potato Sack Race

Consists of 4 players. On the "Go" signal, all participants begin hopping towards the finish line. Both feet *must* remain inside the sack at all times.

Participants must continue to hop. Running or skipping with the sack around their legs is typically not allowed and can result in disqualification. If a player falls, they must get back inside their sack before continuing the race.

If a player's foot comes out of the sack, or the sack falls below their knees/waist (making it easier to run), they may be disqualified or sent back to the starting line, depending on pre-established rules.

The first player to completely cross the finish line while still inside their sack wins the race.

**Scoring**

- ★ 1st Place - 40pts
- ★ 2nd Place - 30 pts
- ★ 3rd Place - 20 pts
- ★ 4th Place - 10 pts
- ★ Total: 100 pts

## 6.) Hula Hoop

3 people from each team. There will be a different person on the team per round. Team decides who goes first, second, third. (bracket style)

- 1st Round: Arm Hula Hoop
- 2nd Round: Waist Hula Hoop
- 3rd Round: Neck Hula Hoop

On the signal, start hooping using only body movement. You cannot use your hands or arms to keep the hoop up or pick it up if it falls.

If any part of the hoop touches the ground, you are out. The last player hooping wins!

- ★ 1st Place - 40pts
- ★ 2nd Place - 30 pts
- ★ 3rd Place - 20 pts
